## Watermen's Regulations.

## PORT OF LYTTTELTON.

## CLAUSES FROM HARBOUR REGULATIONS, 1868.

ANY master or waterman licensed under the provisions of these regulations found guilty of dishonest or improper conduct, or of using abusive or insulting language, or of plying with a boat which the Harbour Master or other duly authorised officer shall consider to be not fully equipped with proper gear, and not in a seaworthy condition, shall, on conviction thereof, be liable to a penalty not exceeding five pounds, and to have his license cancelled by order of the Justice or Justices before whom any such conviction shall have taken place.

Every licensed master or waterman as aforesaid who shall carry in any boat more passengers or cargo than the boat has been licensed to carry, shall be liable to a penalty of not less than two pounds nor more than twenty pounds; and any such boatman who shall demand more than the proper fare, or who shall, without sufficient reason, refuse or neglect to employ his boat when required, shall be liable to a penalty not exceeding five pounds.

Any licensed master or waterman lending his license to any other person shall be liable to a penalty of forty shillings.

But any licensed master or waterman being in charge of any boat, who by sickness may be prevented from plying, may, on depositing with the Harbour Master a certificate from a duly qualified medical practitioner to that effect, together with his license, may be permitted to nominate a substitute; and should the Harbour Master be satisfied of the efficiency of the said substitute, he may issue a certificate authorising him to serve in the place of the licensed person who is disabled by sickness, for a period not exceeding one month, and such certificate may from time to time be renewed during the illness of the said licensed boatman, so long as his license shall be so deposited with the Harbour Master.

Every vessel or boat used for the purpose of carrying passengers or cargo for hire in any port, harbour, or river, in the Colony, shall be licensed for that purpose by the Harbour Board in which such vessel or boat is to ply; and such license being granted on the certificate of the inspecting officers, as hereinafter provided, shall be in force till the 1st of July next ensuing; and a certificate of license shall be given to the owner of the vessel or boat, and must at all times be produced for inspection when demanded by the Harbour Master or his deputy; and the name and number of the boat for which the certificate of license is issued, and the name of the owner, and the quantity of cargo or number of passengers which the vessel or boat is licensed to carry, shall be stated in the certificate, and shall be also legibly painted on some conspicuous part of the boat; and the owner of any vessel or boat which shall be used for carrying passengers

or cargo for hire, who shall not comply with the above regulation shall for every offence be liable to a penalty not exceeding ten pounds.

Before a license is granted for any vessel or boat, as provided in the last preceding clause of these regulations, she must be inspected by two or more competent persons appointed by the Harbour Board, who will, on approval, grant a certificate as to her dimensions, and the quantity of cargo or the number of passengers she may be permitted to carry, and such certificate must be produced on application for a license.

Notwithstanding any such license no vessel or boat can lighter cargo unless the Customs Regulations in that behalf have been duly complied with.

No waterman or other person in charge of any boat, steamer, or lighter, shall go alongside or otherwise communicate with, and no person shall go on board of any vessel arriving in port, except officers on duty and persons who hold a written authority from the Harbour Board, until such vessel has been moored or secured by at least one anchor, and has been cleared by the Health Officer or the Officer acting as such, nor shall any person quit any vessel so entering any port until she has been moored, and cleared by the Health Officer as aforesaid; and any person offending against this regulation shall be liable to a penalty not exceeding ten pounds.

No boat shall be made fast to any steps or landing place, or so near thereto as to obstruct the approach of other boats, or lie longer alongside than required for landing passengers, and any person offending against the provisions of this regulation shall be liable to a penalty not exceeding five pounds.

All boats alongside vessels or jetties, or public landing places, shall give way to Government boats on duty; any person offending against this regulation shall be liable to a penalty not exceeding five pounds.

The Harbour Master, or any person authorised by him, may at any time inspect any cargo or other boat, and if found to be not fully equipped with proper gear, and not in a seaworthy condition, or if found to be overloaded, the license of said boat may be cancelled.

Each boat which is licensed to carry passengers shall carry twenty pounds of luggage (if required) with every passenger, without extra charge, and the sum to be paid for all luggage beyond the weight above stated shall be at the rate of one passenger fare for every one hundred and fifty pounds weight of luggage so carried; one passenger must be deducted from the number which such boat is licensed to carry.

The fares which licensed watermen will be allowed to charge will be fixed by the Harbour Board of each Province for the several Ports therein.

In those Ports in which night watermen are required, all regulations concerning them will be made by the Harbour Board aforesaid.

In those ports in which "watermen's houses" are provided, they shall be set apart solely for the use of licensed watermen, and no other person will be permitted to occupy them. Should any person persist in doing so, the waterman on duty shall report the same to the police, who will cause such intruders to be removed, and any person persisting in returning to such "watermen's houses," after being warned by the police, shall be liable to a penalty not exceeding forty shillings.

Every person who wishes to ply as a waterman in any port, must make application in writing to the Harbour Board for a license, such application to be countersigned by two respectable residents in the said port, who shall testify to the applicant's respectability. This application, if for a renewal of a license, must be sent in not less than fourteen days before the first of July in each year, but may be sent in at any time for a new license.

Every licensed waterman shall, in addition to his license, carry a printed copy of the Watermen's Regulations and a Table of Fares, any or all of which he shall produce to any person by whom he may be employed, on their being demanded, or be liable to a penalty not exceeding forty shillings.

All watermen, stevedores, porters, carters, or others engaged on any wharf or jetty, shall be under the control of and obey the orders of the Harbour or Pier Master, and any person disobeying this regulation or making use of abusive or improper language on any wharf or jetty shall be liable to a penalty not exceeding five pounds.

SEABORNE MAILS.

Seaborne mails, as a general rule, are closed one hour previous to the despatch of the mails from the Post Offices; and at Christchurch late letters may be posted in the Guard's Van at the Railway Station until the hour of departure of the train for Lyttelton, provided such letters bear, in addition to the ordinary postage, a further single rate of postage as a late fee.

PRIVATE BOXES AND BAGS.

Private letter-boxes are provided for merchants and others upon payment, in advance, of the following fees:—

For a term exceeding six calendar months, and not exceeding one year, one pound (£1).

For a term not exceeding six calendar months, ten shillings (10s).

All such fees to be paid in advance.

Persons residing upon mail routes requiring the accommodation of private bags can obtain the same upon payment, in advance, of the undermentioned fees to the Chief or Head Postmaster of the district, and subject to the following regulations:—

The fees payable for private mail bags shall be—For a term exceeding six calendar months, and not exceeding one year, two pounds (£2); for a term not exceeding six calendar months, one pound (£1). Provided that no private mail bag shall be let save for a term ending on the 30th day of June or the 31st day of December next after the day on which the same shall be let.

The bag must be of leather, with a lock and two keys, and provided and kept in repair at the cost of the person requiring it.

A mail contractor is bound to convey and deliver, free of charge, all private bags given to him by Postmasters, but is not required to deviate from the prescribed mail route, and is on no account to be delayed. Should the return bag not be ready at the appointed time and place, the Contractor is not required to wait for it.

#### UNCLAIMED LETTERS.

On the first day of each month a list is exhibited at each Post Office in the Colony of the addresses of all letters received from places beyond the Colony that have remained unclaimed for one month at such Post Office; and such of these letters as remain unclaimed at the end of a further period of two months are then forwarded to the Dead Letter Office, to be returned unopened to the countries where they originated. Unclaimed letters originating in the Colony are not advertised, but at the end of two months are forwarded to the Dead Letter Office, Wellington, there to be opened and returned to the writers.

#### Rates of Postage, and Conditions of Transmission.

All letters, newspapers, book and pattern parcels, and prices current, posted in New Zealand, must be prepaid by postage stamps.

#### INLAND LETTERS.

Late letters for despatch by steamers will be received until within twenty minutes of the despatch from the Post Office, provided such letters bear, in addition to the full postage, a further single rate of postage as a late fee.

Letters re-directed from one part of the Colony to another are chargeable with fresh rates of postage, as if they were then posted for the first time, prepayment being optional.

#### LETTERS FOR PLACES BEYOND THE COLONY.

Late letters for places beyond the Colony will be received until twenty minutes before the hour of despatch from the Post Office, provided such letters bear, in addition to the full postage, a further single rate of postage as a late fee.

Late letters placed on board steamers must also bear, in addition to the full postage, a further single rate of postage as a late fee.

#### POST CARDS.

Penny Post Cards for transmission between places in New Zealand, and also to certain other places hereafter mentioned, at letter rates.

The front or stamped side of the card is for the address only, and beyond the printed or written address, nothing whatever must be printed or written upon that side of the card. On the reverse side, any communication, whether of the

nature of a letter or otherwise, may be printed or written. Nothing whatever may be attached to the card, nor may it be folded, cut, or otherwise altered. If any of the above conditions be infringed, the card shall be charged one penny on delivery.

An exception, however, has been made in the case of post cards used for receipt purposes, to the back of which a duty stamp may be affixed.

No cards other than those issued by the Government, or private cards stamped by the Government with a penny stamp, under the special authority of the Postmaster-General can be used for the purpose of making a written communication through the Post Office, unless such cards be prepaid the ordinary full letter postage.

Any post card observed to bear upon it anything of an obscene, libellous, or obviously objectionable nature, will be detained and sent to the Dead Letter Office for disposal.

Post Cards may be transmitted to the Colonies of Victoria, and South Australia under the same conditions as they are transmitted within New Zealand, except that in addition to the impressed stamp they must have an extra penny stamp affixed to them.

All post cards addressed to other places out of New Zealand will be detained and sent to the Dead Letter Office for disposal.

Private cards will be received from the public, and impressed with the penny postage stamp, under the following conditions:—A week's notice must be given by the applicant, and a sample of the card to be used should be forwarded for the Postmaster-General's inspection. None but card of approved quality and colour will be accepted. Each sheet must be of the size of 22 inches by 15 inches, and must not exceed two ounces in weight. Not fewer than fifty sheets of card can be received at one time. On each sheet presented for impression the applicant's name or monogram must be embossed or printed, and any printing must be thoroughly dry. Cards, when impressed, will be returned to the applicant in sheets of twenty-one impressions. No fee will be charged for stamping. Cash must accompany all cards to be impressed. No commission will be allowed upon private cards impressed for licensed vendors.

#### INLAND PATTERN AND SAMPLE AND PARCEL POST.

The following are the rules of the inland pattern and sample and parcel post:—

- (1.) A pattern sample or parcel packet may contain patterns, samples, or articles of merchandise, goods sent for sale or in execution of an order, or any articles sent by one private individual to another; seeds, cuttings, bulbs, roots, and scions may also be forwarded.
- (2.) The postage is one penny not exceeding two ounces; twopence not exceeding four ounces; and one penny for every additional two ounces or fraction of two ounces.
- (3.) No packet must exceed two feet in length or one foot in width or depth, nor must it exceed five pounds in weight; any packet exceeding that weight will be sent to the Dead Letter Office.
- (4.) There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended except the address of the sender and the nature of the contents, a trade mark and numbers, and the prices of the articles, otherwise the packet will be charged double letter postage. The name and address of the sender of any parcel should invariably be given, so that if for any reason the packet cannot be forwarded or delivered, it may be returned to the sender.
- (5.) There must be no enclosure other than the articles themselves. The particulars which are allowed to be furnished under the preceding

rule, as to the trade marks and numbers and the prices of the articles, must in all cases be given, not on loose pieces of paper, but on small labels attached to the articles or the bags containing them. Should this rule be infringed, the packet will be charged double letter postage.

- (6.) A pattern, sample, or parcel packet must be sent in stout and durable covers, open at the ends, so as to be easy of examination. Seeds, drugs, &c., may be enclosed in tin boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened, or in the case of seeds in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be charged double letter postage.
- (7.) In order to prevent any interruption to the regular transmission of letters, any packet may, when necessary, be kept back by any Postmaster until the following despatch.
- (8.) The rule which forbids the transmission through the post of any article which might injure the contents of the mail bags or the officers of the Post Office is so far relaxed as to permit the transmission of scissors, knives, razors, forks, steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, and such like, as samples, provided that they be packed and guarded in so secure a manner as to afford complete protection to the contents of the mail bags and officers of the Post Office, while at the same time the samples may be easily examined. If any packet containing such articles as these be posted which is found not to be sufficiently guarded, it will be detained, and a notice of its detention will be sent to the person to whom it is addressed or to the sender, who may then obtain it upon personal application; but the packet will be charged with a fine equal in amount to the postage to which the packet was liable as a packet of patterns.

#### NEWSPAPERS AND TRADE CIRCULARS.

Newspapers published in the Colony, and registered at the General Post Office for transmission by post, may either be forwarded like other printed matter under the regulations of the book post, or may be transmitted within the Colony on prepayment of a postage rate of one halfpenny each in postage stamps, and to places beyond the Colony at the rates set forth in the Table of Postage Rates, and under the following regulations:—

The title and date of the newspaper must be printed at the top of every page. It must have either no cover, or a cover open at the ends, and must not contain any enclosures or any writing or other mark thereon beyond the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the newspaper, and the printed name and address of the publisher or vendor who sends it.

Newspapers published without the Colony are chargeable with the same rate of postage as those published within the Colony, and registered for transmission through the post.

#### BOOK POST.

The following are the regulations of the Inland Book Post:—

- (1.) The postage is one penny not exceeding two ounces; twopence not exceeding four ounces; and one penny for every additional two ounces or fraction of two ounces. Book packets which may be insufficiently prepaid will be treated as described in section 8.

- (2.) Every packet must be sent either without a cover, or in a cover open at the ends or sides, so as to admit of the enclosures being examined. For the greater security of its contents, the packet may be tied at the ends with string.
- (3.) A book packet may contain any number of separate books or other publications (including printed or lithographed letters), photographs (when not on glass or in cases containing glass or such like substance), drawings, prints, or maps, and any quantity of paper, parchment, or vellum; and the books or other publications, prints, maps, &c., may be either printed, written, engraved, lithographed, or plain, or any mixture of these; but no printed matter or prints will be allowed, except such as may be printed on paper, parchment, or vellum. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c., be loose or attached; as also rollers in the case of prints or maps, markers (whether of paper or otherwise) in the case of books, and, in short, whatever is necessary for the safe transmission of such articles, or usually appertains thereto; but the binding, rollers, &c., must not be sent as a separate packet.
- (4.) No book packet may contain anything which is sealed or otherwise closed against inspection; nor must there be any letter, nor any communication of the nature of a letter, whether separate or otherwise, unless the whole of such letter or communication be printed. Entries, however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed, as respects the name and address of the sender, not only is the writing permitted, but it is even recommended; so that if the cover come off, or for any other reason the packet cannot be forwarded, it may be returned.
- (5.) No book packet must exceed two feet in length, or one foot in width or depth—nor must it exceed five pounds in weight; and if any such packet be presented at a Post Office, it will not be received.
- (6.) Any packet which shall not be open at the ends or sides, or shall have any letter or any communication of the nature of a letter written in it, or upon its cover, will be charged letter postage, with an additional rate.
- (7.) If a packet be found to contain any letter not wholly printed, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorised enclosure, the packet will be charged with the full letter postage, together with an additional rate, and forwarded to its address.
- (8.) If a book packet or pattern parcel be not sufficiently prepaid with stamps, but nevertheless bear stamps of the value of one rate, it is forwarded, charged with the deficient postage, together with an additional rate, which, in the case of a parcel intended for delivery within the Colony, will be twopence; for delivery beyond the Colony, in all cases, except for parcels marked for transmission *via* Brindisi, fourpence; and when marked *via* Brindisi, sixpence.
- (9.) All *bona fide* printing matter enclosed in envelopes slit or partially open at the ends, and having the fly turned inside, instead of being gummed over in the usual manner, is to be permitted to pass through the post at book-post rates.

#### FOREIGN PATTERN AND SAMPLE POST.

The following are the rules of the foreign pattern and parcel post:—

- (1.) A pattern parcel is a *bona fide* pattern or sample of merchandise. Goods sent for sale or in execution of an order (however small the

quantity may be), or any article sent by one private individual to another, which are not actually patterns or samples, are not admissible.

- (2.) The rates of postage are the same as for book packets. (See Foreign Book Post Regulations.
- (3.) No packet of patterns or samples must exceed twenty-four ounces in weight; and to countries comprised within the General Postal Union the limit of weight for patterns and samples is eight ounces. Packets exceeding these weights will be sent to the Dead Letter Office.
- (4.) There must be no writing or printing on the packet or its cover in addition to the address of the person for whom the packet is intended, except the address of the sender, a trade mark and numbers, and the prices of the articles, otherwise the packet will be treated as a letter.
- (5.) There must be no enclosure other than the samples themselves. The particulars, which are allowed to be furnished under the preceding rule, must in all cases be given, not on loose pieces of paper, but on small labels attached to the samples or the bags containing them.
- (6.) The patterns or samples must be sent in covers open at the ends, so as to be easy of examination. Samples, however, of seeds, drugs, &c., may be enclosed in boxes, or in bags of linen, or other material, fastened in such a manner that they may be readily opened, or in the case of samples of seeds in bags entirely closed, provided that they are transparent, so that the officers of the department may be able to satisfy themselves as to the nature of the contents. If this rule be infringed, the packet will be treated as a letter.
- (7.) Insufficiently paid packets of patterns or samples will be charged double rates of postage.
- (8.) A packet of patterns or samples sent *via* the United Kingdom to Portugal, Madeira, the Azores, Cape de Verdes, France, or to Turkey, Syria, or Egypt, by French packet, must not exceed eighteen inches in length, width, or depth; a packet to any other place abroad must not exceed twenty-four inches in length or twelve inches in breadth or depth.
- (9.) Bags entirely closed, even though they be transparent, must not be used for the transmission of seeds to any foreign country except the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions, and Switzerland; and samples of intrinsic value must not be sent to foreign countries.

### Postage Stamps, Post Cards, and Newspaper Wrappers.

Every Postmaster is required to keep for sale to the public a sufficient stock of the various postage labels and post cards in use in the Colony, and to sell them at the following prices:—

	s. d.		£ s. d.
Halfpenny labels (news- papers only) ...	0 0½ each	Two-shilling labels ...	0 2 0 each
Penny labels ...	0 1 "	Five shilling labels ...	0 5 0 "
Twopenny labels ...	0 2 "	Post Cards ...	0 0 1 "
Threepenny labels ...	0 3 "	Newspaper Wrappers—	
Fourpenny labels ...	0 4 "	Parcels of 18 ...	0 0 10 "
Sixpenny labels ...	0 6 "	Parcels of 270 ...	0 12 6 "
One-shilling labels ...	1 0 "	Parcels of 540 ...	1 5 0 "
		Parcels of 1,080 ...	2 10 0 "

The halfpenny postage stamp must not be affixed to letters.

English postage stamps may be obtained by persons desirous of sending a stamp or stamped envelope to their relatives or friends in the United Kingdom, in order to relieve them of the cost of the postage when sending replies. *These stamps cannot be purchased in quantities, nor are they permitted to be used for the purpose of making remittances.*

### Registration.

By the prepayment of a fee of sixpence in addition to the full postage, any letter, newspaper, book, or other packet, may be registered to any place in the Colony. For registration to the United Kingdom, British Colonies, and certain Foreign Countries, see Table of Postage Rates.

The registration of a packet makes its transmission much more secure; and the loss of a registered packet is a very rare occurrence. Nevertheless, the Post Office is not responsible for the safe delivery of registered packets, though any officer who may neglect his duty on this point will be called to strict account. Valuable articles sent in *unregistered* letters are exposed to risk; and the Department cannot in any way undertake the safe conveyance of such packets. All Inland, British, or Colonial letters, therefore, which unquestionably contain coin, even though they be posted without registration, are treated as registered, and charged on delivery with a double registration fee of one shilling, in addition to the ordinary postage; and any such letters which cannot be registered in time to be forwarded by the mail for which they are posted are detained for the next despatch.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and should on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, if directed to any place in the Colony, the United Kingdom, or the British Colonies, be liable to a double registration fee.

Letters may be registered during the ordinary office hours, and for despatch by any mail, one hour before the closing of such mail. No letter-carrier, messenger, or other servant of the Post Office is allowed to carry a letter for any person to be registered.

### Delivery.

No person living within the town free delivery can claim to have his letters delivered at the office window if a delivery by letter-carrier is about to take place; but letters which arrive by a mail, after which there is no immediate delivery by letter-carrier, may be obtained by any person on application at the office window, so long as the office is open for delivery.

Letters addressed to the Post Office, or to be kept till called for, may be obtained at the office window, except where it is ascertained that it is the practice of persons living within the town delivery to have their letters so addressed, in which cases they will be sent out by letter-carrier. Letters for persons residing beyond any official delivery, will be delivered on application at the window.

Postmasters are instructed not to receive any letter which there is good reason to believe contains anything likely to injure the contents of the mail bag, or to do bodily harm to any officer of the Post Office. The following are examples of the articles referred to:—

A glass bottle, or glass in any form; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or liable to sudden combustion; razors, scissors, needles, forks, or other sharp instruments are also forbidden.

### MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

The Post Office is not, by law, responsible for any loss or inconvenience which may arise from the non-delivery, mis-sending, or mis-delivery of any letter, book, or other postal packet (even if the packet be registered); nor is the Post Office responsible for any injury which a packet may sustain during its transmission.

To guard against such injury, all postal packets which are likely to suffer from stamping or from great pressure, should be placed in strong covers; and even with this precaution no fragile article should be sent through the Post.

No information can be given respecting letters which pass through a Post Office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Postmasters are not allowed to return any letter or other packet to the writer or sender, or to anyone else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found.

Neither money nor any other article of considerable value ought ever to be sent through the post, except by means of a money order or in a registered letter.

Whenever bank notes are sent by post, even in registered letters, they should be cut in halves, and the second halves should not be posted till it has been ascertained that the first halves have been received.

Any person conveying (otherwise than by the post) a letter not exempted from the exclusive privilege of the Postmaster-General, incurs, by law, a penalty of £20 for every letter so conveyed.

2. Printed forms, upon which telegrams should be written, may be obtained at all stations on application.
3. All telegrams presented for transmission must be written in ink, in a clear and legible manner; they shall contain a proper address, and bear a genuine signature in the usual handwriting of the sender.
4. In order to prevent errors in the transmission of telegrams, all words must be written in full, and no abbreviation will be allowed. It is advisable to write all numbers in words in full, and not in figures.

5. Telegrams will be transmitted in the following order of priority:—

- (1.) Telegrams of the General Government marked *urgent*.
- (2.) Telegrams relative to the arrest of criminals or persons accused, or the discovery or prevention of crime.
- (3.) Telegrams relating to cases of pressing emergency, such as accident, sickness, or death, may be transmitted in priority to any others.

6. Telegrams may be written in cypher, which will be counted according to the following scale, whether for figures or letters:—Separate cyphers count as one word; groups of five cyphers, or fractional part of five cyphers, count as one word; groups exceeding five cyphers are counted at the rate of five cyphers to the word, and any fractional portion remaining is to be counted as one word.

7. Telegrams will be delivered free of charge within one mile of the station to which they may be transmitted by wire.

8. Should the sender of a telegram desire to have the telegram repeated, to insure accuracy, such repetition will be made at a charge of half the rate of the original telegram.

9. Telegrams may be taken from the sender with the word "Collect" written thereon, and in such case the payment for the telegram will be collected from the receiver of the telegram; but in the event of the receiver refusing to pay, the sender of the telegram shall be held responsible for the due payment thereof.

10. Telegrams may be taken from the sender of a telegram with the words "Reply paid" written thereon, and in such case the payment for the telegram in reply will be collected from the sender of the first telegram.

#### URGENT TELEGRAMS.

Telegrams marked *Urgent* will be received at any Telegraph Station and transmitted as *Urgent Messages* in the order of their priority with other messages of the like code.

Urgent telegrams will take precedence of all ordinary messages.

The fee for an urgent telegram is double that charged for an ordinary telegram.

#### DELAYED TELEGRAMS.

Delayed telegrams are now received at any Telegraph Station throughout the Colony for transmission, final delivery to the address given being effected by post.

The rates chargeable on all such messages are as follows, viz.: Sixpence (6d) for the first 10 words (exclusive of address and signature up to 10 words), and a halfpenny (½d) for every additional word. Fractions of a penny in computing charges are not allowed. Senders of delayed telegrams are requested to give as full address as possible, and are also requested to write, in "Instructions" on the message, the word "Delayed."

In addition to the rates above mentioned, postage is charged as follows:—If the delivery is within the postal district of any town, one penny (1d); outside the postal district, twopence (2d). In dealing with these telegrams, the department undertakes to telegraph them to their destination on the day of their receipt, and to post them the same evening.

## NEW ZEALAND GOVERNMENT LIFE INSURANCE ON THE PARTICIPATING PRINCIPLE.

ASSURANCE IN FORCE EXCEEDS ... ..	£3,000,000.
ANNUAL INCOME EXCEEDS ... ..	£100,000.

1. THE GOVERNMENT LIFE INSURANCE DEPARTMENT issues all desirable forms of policies.
2. THE PAYMENT OF EVERY POLICY IS GUARANTEED BY THE COLONY.
3. DIVISION OF PROFITS.—The surplus or profit is ordered by law to be divided among Policy-holders *only*, and it is to be ascertained every fifth year. The first investigation, with a view to division of profits, is to be made as at June 30th, 1880. The first quinquennial investigation, recently completed, shows a surplus of over £12,000.
4. THE PREMIUMS combine two benefits. They are as low as is consistent with the safety of the Office, and they entitle the Policy-holder to a full share in the profits, who thus secures *from the first* the advantage of a participating policy from 15 to 30 per cent. greater than those of the same kind granted by Private Companies for the same premium.
5. PAYMENT OF PREMIUMS.—The payments may be made during whole term of life, or during a limited period only; at an invariable annual, half-yearly or quarterly, or by a single premium.
6. LIBERAL CONDITIONS as to travelling, residence, &c.:—
  - a. Policy-holders may travel without license or payment of extra premium, or reside in any part of the world, except within 25 degrees of the equator, without license or payment of extra premium.

- b. Policy-holders may change their occupation without license or payment of extra premium.
- c. Death by suicide (except within twelve months of the date of the policy), by duelling, or by the hands of Justice, does not void any policy.
- d. No policy becomes void by any act of the assured, so far as regards the interest of any third persons, provided such act is done without their knowledge, and that they pay the additional premium required, if any, as soon as such act comes to their knowledge.

7. ALL POLICIES, after five years' duration, are INDISPUTABLE and UNCHALLENGEABLE on any grounds whatever connected with the statements on which the assurance was based except fraud, provided the age of the insured has been admitted.

8. ALL POLICIES, after five years' duration, are FREED FROM ALL CONDITIONS, except the payment of premium, provided the age of the insured has been admitted, and he has attained thirty years of age, and he has resided continuously within the ordinary limits from the date of the policy. Holders of such policies can voyage or reside in any part of the world, without license or payment of extra premium.

9. PROOF OF AGE.—Age will be admitted at any time on a policy on production of either a certificate of birth or baptism; or, failing these, the best proof that can be procured, such as, for instance, an entry in a family Bible, or a statutory declaration from a relation or friend, stating belief as to age, and grounds of such belief.

10. ALL POLICIES ARE NON-FORFEITABLE after three years to the full extent of their value, under a special regulation providing for the continuance in force of every policy for the original amount, so long as the surrender value of the policy, as defined by the regulation, is not less than the premiums in arrear together with interest at six per cent. per annum, thus giving to every policyholder a full equivalent for every premium paid. Such policies may be revived even within twelve months after exhaustion of surrender value on proof of unimpaired health, and payment of arrears and fine.

11. SURRENDERS.—Policy-holders, after having been insured for three years, are guaranteed a cash surrender value of about 40 per cent. of the paid-up premiums, provided that no premiums are in arrear, and that the surrender value is not less than £5; but if for any reason the premiums have not been paid when due, a policy free of future premiums will be granted, on application, for such an amount (generally greater than the paid-up premiums) as the surrender value at date of lapse will purchase, provided that such policy is not less than £50, and that application is made within three months.

12. LOANS.—Policy-holders can borrow on the security of their policies to the extent of 90 per cent. of the cash surrender value, provided the loan exceeds £5. The loan agreement for policy-holders and the Department is prepared free of cost, and interest is at present charged at the rate of £7 per cent. per annum, payable half-yearly. Loans can be repaid at any time without previous notice. No loans can be granted on settlement policies under section 16 of "The Government Insurance and Annuities Act, 1874."

13. REVIVAL OF LAPSED POLICIES.—Thirty days of grace are allowed on all Renewal Premiums, and no policy is absolutely forfeited for non-payment of premium unless the premium remains unpaid for twelve months, or the surrender value (if any) has been exhausted for a year. Such policies may be renewed, provided the premiums in arrear and a fine are paid, and the insured is in unimpaired health.

14. POLICIES PROTECTED FROM BANKRUPTCY.—An insurance policy effected by the insured, *bona fide* on his own life, is protected from bankruptcy or insolvency laws to a certain amount, which increases with its duration. Thus, after it has endured for two years, it is protected to the extent of £200:

After five years	...	...	to £500
After seven years	...	...	to £1000
After ten years	...	...	to £2000

This protection applies only in favour of the personal representatives of the insured.

15. MARRIED WOMEN MAY EFFECT POLICIES, dispose of the sum assured by will, as if single, and their policies are protected from the debts of their husbands, according to duration, to amounts similar to those stated in clause 14.

16. SETTLEMENT POLICIES.—Policies effected for the benefit of the wife and children of the insured, under section 16 of "The Government Insurance Act, 1874," are from the date of issue absolutely protected from the claims of creditors to the extent of £2000, provided that the premiums are payable during life, or any period not less than seven years; but such policies cannot be surrendered for cash.

17. A POLICY HOLDER may at any time nominate his wife, mother, child, brother, sister, or niece to receive the sum assured payable at his death, provided that it does not exceed £200.

18. PROBATE, &c., DISPENSED WITH.—When a claim under a policy does not exceed £200, the Commissioner may dispense with the production of probate or letters of administration, thus saving great expense to the representatives of the insured.

19. A POLICY HOLDER may at any time direct that, instead of the sum assured being paid at his death, it shall be converted into an annuity payable to a nominee.

20. EXEMPTION FROM STAMP DUTY.—Annuities, policies, powers of attorney authorising the receipt of moneys, and receipts for moneys payable under the Act, are exempted from stamp duty.

21. NO POLICY or Medical Fee charged. Assurances are granted on a single life to the extent of £3000.

22. NOTICES OF ASSIGNMENT are received and registered at the Head Office only. On this subject, attention is requested to the provisions of "The Government Insurance and Annuities Act, 1874."

23. CLAIMS AT DEATH.—Claims are payable by the Regulations one month after proof of death; but in practice they are paid in full as soon as death is proved and the representatives of the deceased are able to discharge the policy.

Whenever the latter shall be used, one of the parties to the agreement who shall sign the same, shall also at the time of so signing write upon, or across the stamp, his initials and the date of the day and year of writing the same, otherwise the stamp will be of no avail; and proof of the said writing shall be a necessary part of the evidence of the agreement, when not stamped with an impressed stamp.

An agreement under hand may be stamped by the Commissioner within one month after execution, on payment of the duty. After one month and less than three months, on payment of twenty per cent. in addition to duty; and after three months on payment of duty and a fine of £5.

### MODE OF STAMPING AND CANCELLING—

An impressed stamp may be used, which need not be cancelled; but if an adhesive stamp be made use of, the person using the same must, at the same time, write on the stamp his name, or initials, with the date of the month and year of using the same; or these particulars may be stamped or impressed in ink thereon provided that the stamp be effectually obliterated so that it cannot be used again. In the case of Bills of Exchange the stamp must be cancelled by the acceptor; Promissory Notes by the drawer. This clause does not apply to Bills or promissory Notes drawn out of the Colony.

Bills of Exchange, Promissory Notes, Drafts, or Orders, made within the Colony, cannot be stamped after the making thereof.

Foreign Bills of Exchange or Promissory Notes are to be stamped with adhesive stamps by the holder before he shall present the same for payment, or endorse, transfer, or in any manner negotiate it; and if it purports to be one of a set, it shall be stamped with the duty payable upon the set; and before he shall deliver it out he shall cancel the stamp by writing on it his initials, or those of his firm, and the date upon which he shall so write the same. In default, he will incur a penalty of £50, and any person receiving such Bill, &c., unstamped, shall not be entitled to recover thereon; but if such Bill, &c., be stamped, but not cancelled, the holder may cancel the stamp. Drawing, &c., Bills purporting to be in a set, but not drawing the whole set, incurs a penalty of £50.

**BILL OF LADING**, or receipt in lieu thereof, from the master, mate, or agent of any vessel, for any goods, merchandise, or effects, to be carried to any place beyond the boundaries of the Colony—  
For every such Bill of Lading, or Receipt, or copy thereof ... 1s 0d  
Bills of Lading must be stamped with an impressed stamp. The penalty for signing an unstamped Bill of Lading is £50.

**BILLS OF SALE**—If absolute—See "Conveyance." If by way of Mortgage—Exempt.

**BONDS** are not specially charged with duty, and therefore fall under the description of Deeds not otherwise described, and unless exempt, are liable as such to duty of ten shillings, and the fines and other provisions applicable to Deeds. See "Deeds."

Various Bonds are expressly exempted in the schedule to the Act.

**EXEMPTIONS—**

All Bonds and Mortgages, whether affecting real or personal estate, Bills of Sale by way of Mortgage, and all Transfers, Agreements, Releases, Re-conveyances, and Discharges thereof.

All Bonds to her Majesty.

A penalty of £20 is imposed for paying interest on unstamped Bonds, Debentures, or other securities, which may be chargeable with stamp duty.

**CHARTER PARTY** is not expressly charged with stamp duty, but liable to duty as an agreement. It may be, but is not usually, under seal. A charter party is not, however, liable to the same conditions as a simple agreement as regards the mode of stamping. It may be written on an impressed stamp, or stamped as an agreement with an adhesive stamp, at the time of making it; but if not stamped at that time, it may be brought to the Commissioners within seven days of first execution, and it may then be stamped by them on payment of the duty, and a fine of ten shillings; after seven days, and within one calendar month, on payment of the duty and a penalty of ten pounds. After a month it cannot be stamped. When an adhesive stamp is used it must be cancelled by the person who first executes the document.

**CHEQUES**—Draft or Order, including cheques or orders on bankers for the payment of any sum of money to a payee named, or to bearer, or to order, on demand ... 0s 1d  
The stamp may be impressed or adhesive; but if adhesive it must be cancelled by writing the drawer's initials and the date upon it.

**EXEMPTIONS**—Cheques, Drafts, or Orders for the payment or transmission of public money by or on behalf of her Majesty the Queen, or by or on behalf of the Governor or Colonial Treasurer.

**CONVEYANCE**—(For mode and time allowed for stamping, see "Deed.")—Of any kind or description whatsoever upon the sale of any property, in respect of the principal or only writing whereby the property sold shall be conveyed to, or vested in the purchaser, or any other person or persons by his direction (except transfers expressly provided for by this Act)—

Where the purchase or consideration money therein or thereupon expressed shall not exceed £50 ... 5s 0d  
And where the same shall exceed £50, and not exceed £100 ... 10s 0d  
And where the same shall exceed £100, then for every £50, and any fractional part of £50 ... 5s 0d

**EXEMPTIONS**—Any Grant from the Crown of Crown lands in New Zealand, and any instrument dedicating free and perpetual right of way to the public, for religious, charitable, or educational purposes.

**COUNTERPART** or Duplicate of any instrument chargeable with duty, where such duty does not amount to 2s 6d, same duty as original instrument; in any other case ... 2s 6d

For this purpose a denoting stamp, with the word "Counterpart," is made use of, and must be impressed at the Stamp Office; subject, as to time and fines, to the same condition as other Deeds.

**DEBENTURES** are not expressly charged with stamp duty in the Colony. The duty to which they may be liable will depend, therefore, upon the form in which they may be drawn up. They will probably be liable as Bills of Exchange.

A penalty of £20 is imposed for paying interest on unstamped debentures chargeable with stamp duty.

Government Debentures and Treasury Bills are exempt.

**DEEDS** not otherwise charged ... 10s 0d

**DEED**—Regulations as to stamping—

Deeds may be written on parchment or paper previously impressed with a stamp of the required amount. Any deed or instrument liable to stamp duty, written on parchment or paper, and signed or executed before it shall be duly stamped, the whole, or the deficiency, of stamp duty shall be paid to the Commissioners, and if stamped within one month after execution, no fine shall be charged; and if such Deed shall be presented to be stamped more than one month and less than three months after execution, a fine shall be paid of 20 per cent. on the value of the stamps to be affixed, but if presented more than three months after execution a fine at the rate of 100 per cent. on the value of the stamps to be affixed, but in no case shall the last-mentioned fine be less than the sum of £5. But in the case of a Deed executed out of the Colony, no fine is payable if presented within three months after it is received in the Colony. The Commissioners will then stamp the Deed with the proper stamp, and also with the stamp denoting that the fine has been paid; and no Deed can be pleaded in evidence, either at law or in equity, until duly stamped, except upon the production of any

such document as evidence in any proceeding (not criminal), the officer of the Court whose duty it is to read such document, shall call attention to any omission or insufficiency of the stamp, and such document shall not be received in evidence until any duty and fine required shall have been paid. The officer aforesaid shall receive the duty and fine, and give a receipt for them, whereupon such documents shall be admissible in evidence (saving other objections). The officer shall account to Commissioners as provided. Provided that this provision shall not apply to any document expressly prohibited to be stamped after execution.

The registration of unstamped Deeds is also prohibited.

**FRAUDULENT REMOVAL** of stamps for the purpose of using them again, or any act, contrivance, or device with intent to defraud Her Majesty of duty, incur a penalty, on conviction, of seven years' penal servitude, or imprisonment with hard labour for any term not exceeding four years. Forging a die or stamp, or fraudulent removal and second use of a stamp, are declared to be felonies.

**IMPRESSED STAMPS** need not be cancelled, and must not be removed for use as adhesive stamps. Incorporated Companies to take out yearly Licenses on 1st January. First license may be issued to any Company at any time during the year, but continues in force only till end of year. Certain Companies are exempt.

**LEASE** of any lands, tenements, or hereditaments, granted in consideration of a sum of money, by way of premium, and also of a yearly rent amounting to £20 and upwards—Both the *ad valorem* duties payable upon a conveyance, according to the consideration therein expressed, and for a lease in consideration of a rent of the same amount.

**MEMORANDUM OF LEASE** in Schedule E of "The Land Transfer Act, 1870," and every transfer or surrender thereof—The same duty as on a lease.

20 Grains	make	one Scruple (scr.)	8 Drachms	make	one Ounce (oz.)
3 Scruples	..	one Drachm (dr.)	12 Ounces	..	one Pound (lb)

This weight is used only for compounding medicines, the Avoirdupois weight being used for buying and selling. The grain, ounce, and pound are the same as in Troy weight.

#### AVOIRDUPOIS WEIGHT.

16 Drachms	make	one Ounce (oz.)	2 Stones	make	one Quarter (qr.)
16 Ounces	..	one Pound (lb)	4 Quarters	..	1 Hundredweight (cwt.)
14 Pounds	..	one Stone (st.)	20 Hundredweights	make	one Ton (ton)

A Cental = 100lb. 100 Ounces Avoirdupois = 91 seven forty-eighths ozs. Troy.

A standard Imperial Pound, Avoirdupois, is equal to weight of 27.727 cubic inches of distilled water (or one-tenth of a gallon), at the temperature of 62 deg. Fahrenheit, and when the barometer stands at 30 inches. This weight is used for all commodities except gold, silver, and precious stones.

#### LINEAL MEASURE OR MEASURE OF LENGTH.

12 Inches	make	one Foot	4 Poles or Perches	make	one Chain
3 Feet	..	one Yard	10 Chains	..	one Furlong
5½ Yards	..	one Pole or Perch	8 Furlongs	..	one Mile

A League = 3 miles. A Hand = 4 inches. A Fathom = 6 Feet. Geographical Degree = 60 Geographical or Nautical Miles = 69.121 Imperial Miles. Geographical Mile = 1.50 Imperial Miles. A Military Pace, 2½ Feet.

For smaller length than an inch, decimal parts; also eighths and sixteenths of an inch are used. The chain is divided into 100 links, each link being equal to 7.92 inches. The yard is the Imperial standard measure of length.

#### SQUARE OR LAND MEASURE.

144 Square Inches	make	1 Square Foot	40 Sq. Poles or Perchs.	make	1 Sq. Rd.
9 " Feet	..	" Yard	4 Sq. Roods	..	" Acre
30½ " Yds.	make	1 Sq. Ple. or Pch.	640 Sq. Acres	..	" Mile

Sometimes the term *square feet* is confounded with that of *feet square*, which is quite a different thing. A piece of cloth said to measure six square feet, consists of six squares of a foot each; but a piece said to measure six *feet square* would be six feet long each side, and comprise thirty-six squares of a foot each: Square measure is computed by multiplying the length by the breadth. A square foot is a square whose side is one foot.

#### SOLID OR CUBIC MEASURE.

1728 Cubic Inches	... make	... ..	one Cubic Foot
27 " Feet	... ..	... ..	" Yard
40 " Feet	... ..	... ..	one Ton of Shipping

Solid measure is computed by multiplying the length by the breadth, and the product by the thickness. A cubic inch is a cube whose side is one inch.

#### LIQUID MEASURE OF CAPACITY.

4 Gills	... make	... ..	one Pint
2 Pints	... ..	... ..	one Quart
4 Quarts	... ..	... ..	one Gallon

All liquids are measured by this table. The Imperial gallon is the standard measure of capacity both for liquids and dry goods.

Having made the disease of the eye, for the adaptation of Spectacles, an especial study, and during Thirty years' experience in the Optical branch of his business, knowing the difficulty there has been in procuring the imported article of reliable material, properly adjusted to the sight, and having also secured the services of a thoroughly qualified Optician (late of Dolland and Sons, London), and the only **PRACTICAL OPTICIAN** in New Zealand, is now prepared to supply a want long felt amongst the community, viz., the proper treatment of that most delicate of organs, **THE EYE**.
